Valais Blacknose Sheep Society UK

Valais Blacknose Sheep Society UK

ABOUT THE SOCIETY

The UK Valais Blacknose Society was formed in the new year of 2015 by Jenni McAllister, Raymond Irvine and Jamie Wood.

Now that there is a solid presence of Valais Blacknose Sheep here in the UK we felt the need to form a society in order to record and preserve the breed in conjunction with supporting fellow breeders.

We want to work with you in order to maintain what the Swiss have worked hard to produce in this wonderful breed.

We must work together to help this breed thrive here in the UK and continue to keep the breed standard.

We must help one another learn about this breed, preserve the greatness and continue to produce good stock.

The services we aim to provide are:

- Flock Book (contact Grassroots to register your flock)
<http://www.grassroots.co.uk>
- Pedigree sales
- Pedigree shows
- Show results and reports
- Semen & embryo catalogues
- Promotional merchandise
- Organising social events
- News & press releases
- Breed research & development
- Society website
- Society bulletin
- Society Meetings

THE SOCIETY SHOP: Please check our website for clothing availability. (ties/jackets/other society clothing)
